We have been working with David Brooke Rush Builders for over 10 years. He is everything one should expect from a top quality builder. Not only is he a decent and fair person he is, more importantly, trustworthy, organized, punctual and incredibly detailed orientated. His jobsites are clean and organized, while his scheduling is always good. He has tremendous knowledge in all aspects of construction and keeps up to date with the latest products. Having dealt with many builders over the last 20 years, we have no hesitation in recommending Brooke to anyone as he is undeniably one of the best in the business. He always has his clients best interest as his number one priority.

Yours sincerely,

Harry R. Bourke, owner
